Fintan O'Toole and Helen Colechin of The HR Dept South London will present the seminar covering guidance on Redundancy and an informative Employment Law Update.

Under Redundancy we will cover:

- The definition of redundancy
- Statutory redundancy payments
- Fair redundancy procedure
- Individual consultation
- Collective consultation – 20 or more redundancies
- Fair selection

Handling redundancy procedures within the workplace is never the most pleasant of tasks. This round up will provide some all embracing guidance.

The Employment Law Update will cover:

- What is new in statute and an update on the proposed changes in legislation
- Recent relevant cases

With yet more employment legislation, such as the extension of the qualifying period for unfair dismissal, The HR Dept will provide a practical update on current legislative changes.

Admission is **FREE** but places are limited so please email Jane.Chant@hrdept.co.uk to book your place or call **0845 6349169**.
