**STAFF
SURVEY**

Is your team on side in these difficult times?

There never has been a more important time to ensure that your employees are tuned in to the organisation.

The HR Dept's tailored survey gives a powerful insight into:

- Employee Involvement
- Management Practices
- Organisational Direction
- Pride and Motivation

How you measure up could have an impact on your performance both now, when times are tough, but also looking forward as new opportunities present themselves for you.....and them.

Our survey will help you uncover concerns and to build on the goodwill in the organisation.

Our special offer of £250 is for an email based survey for organisations with up to 100 employees. Paper based surveys carry an additional cost of £20 per 10 employees.

A full written report along with detailed analysis and recommendations as to follow up action is available for an additional £650.
